SECTION A-A  
SCALE 1-1/2" = 1'0"

PLATE NOTES

- 1) MATERIAL: 3/4" plywood
- 2) MATERIAL: 1/4" masonite
- 3) MATERIAL: NFR Muslin
- 4) Use hinges from stock. See TD for type.
- 5) Use pocket screws for framing attachment.
- 6) Staple and glue 1/4" masonite to muslin after it is stapled onto 3/4" ply frame.

GENERAL NOTES

- 1) For construction, begin with the 3/4" plywood frame in a jig. Once the back frame is complete, attach muslin then sandwich the muslin edge with the 1/4" masonite front framing.

PLATE NOTES

- 1) MATERIAL: 3/4" plywood
- 2) MATERIAL: 2"x4" nominal lumber on edge.
- 3) MATERIAL: 1/4" masonite; non mitered corners
- 4) MATERIAL: 3/4" MDF; mitered (45 degree) corners
- 5) Note the mitered (45 degree) corners.
- 6) Tiny block of 3/4" plywood for magnet catch to attach to.
- 7) Use standard hinges. See TD for questions.
- 8) For this piece of moulding that goes over the hinges, please dado for hinge.

GENERAL NOTES

- 1) All moulding placement measurements are from the edge of the box, not the moulding. It is all mirrored to the opposite side (important for the non mitered corners).
- 2) Build 2
